Subject index

A

Abdominal aortic aneurysm; *see* Aortic aneurysm, abdominal
Aneurysm
Abdominal aortic aneurysm pathway: outcome analysis (Painter et al). 1995;13:101-5
Ankle
Postoperative lower extremity bypass surveillance: beyond ankle arm blood pressures (Foldes). 1995;13:75-8
Antihypertensive agents
The inclusion of women in clinical trials of antihypertensive medications: a review of twenty-four trials in one pharmacology journal (Nunnelee). 1995;13:41-9
Anxiety
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40
Aortic aneurysm, abdominal
Abdominal aortic aneurysm pathway: outcome analysis (Painter et al). 1995;13:101-5
Arm
Postoperative lower extremity bypass surveillance: beyond ankle arm blood pressures (Foldes). 1995;13:75-8
Upper extremity venous thrombosis (Kurgan and Nunnelee). 1995;13:21-3
Arterial bypass; *see* Blood vessels, transplantation
Arterial occlusive diseases
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40
Arteries, physiopathology
Vascular medicine: an alternative approach to arterial disease (Racelis). 1995;13:69-74
Audio-visual aids
The use of tables, illustrations, and graphs for effective research presentation (Krawiec). 1995;13:92

B

Bedside nursing research; *see* Research
Blood coagulation disorders
Undiagnosed hypercoagulable state: a case study (McKeown). 1995;13:117-27
Blood pressure
Postoperative lower extremity bypass surveillance: beyond ankle arm blood pressures (Foldes). 1995;13:75-8
Blood vessels, injuries
Vascular trauma on the rise (Savage and Walker). 1995;13:106-11
Blood vessels, transplantation
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40

C

Clinical nurse; *see* Nurse clinicians
Clinical path coordinator; *see* Health personnel
Clinical research; *see* Evaluation study
Clinical trial
The inclusion of women in clinical trials of antihypertensive medications: a review of twenty-four trials in one pharmacology journal (Nunnelee). 1995;13:41-9
Communication
The use of tables, illustrations, and graphs for effective research presentation (Krawiec). 1995;13:92

D

Delivery of health care
Abdominal aortic aneurysm pathway: outcome analysis (Painter et al). 1995;13:101-5
Clinical path coordinator: pulling it all together (Boutron et al). 1995;13:50-4
Depression
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40
Diagnosis, differential
Undiagnosed hypercoagulable state: a case study (McKeown). 1995;13:117-27
Discharge, patient; *see* Patient discharge
Distress; *see* Stress

E

Editorial
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)
Evaluation study
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)

G

Graphs; *see* Audio-visual aids
Guest editorial
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)

H

Health personnel
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995; 13:14-20
Clinical path coordinator: pulling it all together (Boutron et al). 1995;13:50-4
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)
The registered nurse first assistant role in surgical wound closure: an integrated review (East). 1995;13:83-91
Hemorrhage
Heparin-induced thrombocytopenia (Fahey). 1995; 13:112-6
Heparin
Heparin-induced thrombocytopenia (Fahey). 1995; 13:112-6
Hypercoagulation; *see* Blood coagulation disorders
Hypertension, renovascular
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995;13:14-20

I

Illustrations; *see* Audio-visual aids
In the literature
In the literature. 1995;13:26, 61, 94, 129

K

Kidney, blood supply
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995; 13:14-20

L

Leg, transplantation
Postoperative lower extremity bypass surveillance: beyond ankle arm blood pressures (Foldes). 1995;13:75-8
Lower extremity bypass; *see* Leg, transplantation

N

Nurse clinicians
The cardiovascular clinical nurse specialist as case manager during endcvascular revascularization of renal artery stenosis (Breisch and Perez). 1995; 13:14-20
Nurse-patient relationship
Vascular rehabilitation: preserving and empowering the nurse-patient relationship (Baum). 1995;13:24
Nurses
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995; 13:14-20
Defining vascular nursing: a survey of vascular nurses (Nunnelee and McSweeney). 1995;13:79-82
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)
The registered nurse first assistant role in surgical wound closure: an integrated review (East). 1995;13:83-91
Research priorities in vascular nursing (Hatton and Nunnelee). 1995;13:1-7

O

Outcome of treatment; *see* Treatment outcome

P

Pain
Vascular trauma on the rise (Savage and Walker). 1995;13:106-11
Patient care management
A review: bedside nursing research (Boger). 1995;13:58
Vascular trauma on the rise (Savage and Walker). 1995;13:106-11
Patient compliance
Research priorities in vascular nursing (Hatton and Nunnelee). 1995;13:1-7
Patient discharge
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40
Patients
Outcomes after major vascular surgery: the patients' perspective (Lacey et al). 1995;13:8-13
Vascular rehabilitation: preserving and empowering the nurse-patient relationship (Baum). 1995;13:24
Position statement
Tobacco abuse (Society for Vascular Nursing). 1995;13:93 (Position statement)
Postoperative care
Postoperative lower extremity bypass surveillance: beyond ankle arm blood pressures (Foldes). 1995;13:75-8
The registered nurse first assistant role in surgical wound closure: an integrated review (East). 1995;13:83-91
Vascular trauma on the rise (Savage and Walker). 1995;13:106-11
Practicing nursing research
Help wanted? (Boger). 1995;13:128
A review: bedside nursing research (Boger). 1995;13:58

Q

Quality of health care
Clinical path coordinator: pulling it all together (Boutron et al). 1995;13:50-4
Quality of life
Outcomes after major vascular surgery: the patients' perspective (Lacey et al). 1995;13:8-13

R

Recent vascular nursing publications
Recent vascular nursing publications. 1995;13:25, 59, 95
Registered nurses; *see* Nurses
Rehabilitation
Vascular rehabilitation: preserving and empowering the nurse-patient relationship (Baum). 1995;13:24
Renal artery obstruction
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995;13:14-20
Research
Defining vascular nursing: a survey of vascular nurses (Nunnelee and McSweeney). 1995;13:79-82
Help wanted? (Boger). 1995;13:128
One vascular nurse's perspective on nursing roles in clinical research (Stanton). 1995;13:55-7 (Editorial)
Research priorities in vascular nursing (Hatton and Nunnelee). 1995;13:1-7
A review: bedside nursing research (Boger). 1995;13:58
The use of tables, illustrations, and graphs for effective research presentation (Krawiec). 1995;13:92
Revascularization, renal; *see* Kidney, blood supply

S

Smoking
Tobacco abuse (Society for Vascular Nursing). 1995;13:93 (Position statement)
Specialties, medical
Vascular medicine: an alternative approach to arterial disease (Racelis). 1995;13:69-74
Stress
Symptom distress, anxiety, depression, and discharge information needs after peripheral arterial bypass (Galloway et al). 1995;13:35-40
Study design
Help wanted? (Boger). 1995;13:128
Substance abuse
Tobacco abuse (Society for Vascular Nursing). 1995;13:93 (Position statement)
Surgical wound closure; *see* Wound healing
Suture techniques
The registered nurse first assistant role in surgical wound closure: an integrated review (East). 1995;13:83-91

T

Tables; *see* Audio-visual aids
Thrombocytopenia
Heparin-induced thrombocytopenia (Fahey). 1995; 13:112-6
Thrombophlebitis
Undiagnosed hypercoagulable state: a case study (McKeown). 1995;13:117-27
Upper extremity venous thrombosis (Kurgan and Nunnelee). 1995;13:21-3
Thrombosis
Heparin-induced thrombocytopenia (Fahey). 1995; 13:112-6
Tobacco
Tobacco abuse (Society for Vascular Nursing). 1995;13:93 (Position statement)
Treatment outcome
Abdominal aortic aneurysm pathway: outcome analysis (Painter et al). 1995;13:101-5
Outcomes after major vascular surgery: the patients' perspective (Lacey et al). 1995;13:8-13

U

Upcoming educational programs
Upcoming educational programs. 1995;13:25, 59, 94, 129
Upper extremity; *see* Arm

V

Vascular diseases
Research priorities in vascular nursing (Hatton and Nunnelee). 1995;13:1-7
Undiagnosed hypercoagulable state: a case study (McKeown). 1995;13:117-27
Vascular medicine: an alternative approach to arterial disease (Racelis). 1995;13:69-74
Vascular rehabilitation: preserving and empowering the nurse-patient relationship (Baum). 1995; 13:24
Vascular nurses; *see* Nurses
Vascular rehabilitation update
Vascular rehabilitation: preserving and empowering the nurse-patient relationship (Baum). 1995;13:24
Vascular surgery
Abdominal aortic aneurysm pathway: outcome analysis (Painter et al). 1995;13:101-5
The cardiovascular clinical nurse specialist as case manager during endovascular revascularization of renal artery stenosis (Breisch and Perez). 1995; 13:14-20
Outcomes after major vascular surgery: the patients' perspective (Lacey et al). 1995;13:8-13
Vascular trauma; *see* Blood vessels, injuries
Venous thrombosis; *see* Thrombophlebitis
